DETAILED ACTION

Allowable Subject Matter

Claims 1-5, 7-14, 16-17, and 19-20 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

Claims 1, 12, 19, and 20 are allowable over the prior art for the following reasons. The amendment to include the specific limitations of, "during compilation of source code for the computer program and before beginning execution of the computer program to execute redundantly on at least two of the multiple functional units to utilize an otherwise idle cycle for at least one of the multiple functional units for purposes of functional testing, and wherein multiple of the pre-scheduled non-redundant operations are scheduled by the compiler during compilation of the source code for the computer program and before beginning execution of the computer program to execute in parallel on the multiple functional units for purposes of performance." make these claims allowable over the prior art. The arguments submitted by the applicant further support the reasons for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
